

Mission Academy

2018-2019 School Accountability Report Card

Published in the 2019-2020 School Year

SARC Information

Every school in California is required by state law to publish a School Accountability Report Card (SARC) by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

School Mission Statement

The school's mission is to meet the unique educational, social, and emotional needs of the diverse student population in a safe and nurturing environment. In order to carry out this mission, the school strives to equip the surrounding area students with the educational skills necessary in the 21st century – the ability to read, write, speak, and calculate with clarity and precision and the ability to participate intelligently and responsibly in a global society. The school provides a fully virtual educational experience with students supported by multiple teachers, tutors, counselors and other staff members.

The school provides a diverse, student-centered environment in which all students are held to high academic and behavioral standards. Students work in collaborative relationships, both within and outside the school, and perform service to the community. Through a personalized learning approach to education, the school strives to develop students who are competent, self-motivated, life-long learners. In order to accomplish this, the school emphasizes increased parental involvement, more one-on-one teacher and student interaction, attention to differences in learning styles, student-driven participation in developing the learning process, technology access, varied learning environments, teacher and parent development programs, and choices in curriculum programs.

The school places a strong emphasis on parental involvement within the learning process. Parents are viewed as an essential link in improving education; therefore, parents are encouraged to take part in their children's education through frequent communication with the teachers, participation in school related functions, and attendance in school sponsored parent development workshops. By providing a vehicle for meaningful parental involvement, the school strives to bridge the gap between school and home. It is the hope of the school that students will observe first-hand their parents and teachers working together to make a difference in their education and future.

School Profile (School Year 2019-20)

Mission Academy opened in the fall of 2018. It is a public charter school that offers a personalized educational program for high school students and families who prefer completing a virtual Independent Study model to meet academic needs. Typical students are those who have become dissatisfied with the quality of education they are receiving in the local public school systems. Students come to the school because they were unsuccessful in the traditional high school setting or they needed a more personalized approach to education. Other students need the flexibility of an independent study model to meet family obligations such as work or child care needs. Regardless of the reason, the school offers a uniquely structured academic program, rigorously guided by the California Subject Area Content Standards that provides a challenging, yet highly individualized, education for students.

School Enrollment (School Year 2018-19)

The charts display school enrollment broken down by grade or student group.

Enrollment Trend by Grade Level	
2018-19	
6th	2
7th	1
8th	4
9th	42
10th	29
11th	27
12th	1
Total	106

Enrollment by Student Group	
2018-19	
	Percentage
Black or African American	15.1
American Indian or Alaska Native	3.8
Asian	0.9
Hispanic or Latino	61.3
White	15.1
Two or More Races	3.8
EL Students	12.3
Socioeconomically Disadvantaged	81.1
Students with Disabilities	17.9
Homeless	0.9

Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching
- Pupils have access to standards-aligned instructional materials
- School facilities are maintained in good repair

Teacher Assignment

The school recruits and employs qualified credentialed teachers who meet all credential requirements in accordance with State of California guidelines. This chart displays information about teacher credentials at the school. **Because the school opened in the fall of 2018, there is no prior year data to report.**

Note: As an independent charter school, the school's program, resources, and administration are run independently from the host district, so there is no district data to report for comparison in this section.

Teacher Credential Status		
	School	
	18-19	19-20
Fully Credentialed	17	17
Without Full Credentials	2	0
Teaching Outside Subject Area of Competence (with full credential)	0	0

Teacher Misassignments & Vacancies

Misassignments refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire semester or year.

Because the school opened in the fall of 2018, there is no prior year data to report.

Misassignments/Vacancies		
	18-19	19-20
Misassignments of Teachers of English Learners	0	0
Misassignments of Teachers (other)	0	0
Total Misassignments of Teachers	0	0
Vacant Teacher Positions	0	2

School Facilities (School Year 2019-20)

Mission Academy is a fully virtual school and does not maintain school facilities. All instruction takes place virtually.

Textbooks & Instructional Materials (School Year 2019-20)

As a fully virtual school, the school purchases individual licenses for students to access content from a variety of vendors including StrongMind, Apex Learning, Reading Smart. The school determined that each student has sufficient and good quality curriculum, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are provided access to individual standards-aligned textbooks or instructional materials, or both, in core subjects, health, foreign languages, and visual and performing arts for use in the classroom and to take home.

Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) includes computer-based and paper-pencil assessments. The computer-based assessments are the Smarter Balanced English Language Arts/Literacy (ELA) and Mathematics tests, administered to grades three through eight and eleven. There is also an optional Standards-based Test in Spanish (STS) for Reading/Language Arts (RLA).

A new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS) has been developed. The California Standards Test and California Modified Assessment for Science are no longer administered. The new California Science Test (CAST) was piloted in spring 2017, field tested during the 2017–18 school year, and is now administered operationally. CAST results are not available for the current reporting period.

The Smarter Balanced Assessment System utilizes computer-adaptive tests and performance tasks that allow students to show what they know and are able to do. Smarter Balanced summative assessment results include student scores, achievement levels, and descriptors that describe performance. These assessment results are only one of several tools used to measure a student’s academic performance in ELA/Literacy and mathematics. Smarter Balanced assessment results are most appropriately interpreted alongside other available information about a student’s academic achievement, including such measures as District assessments, classroom assignments and grades, classrooms tests, report cards, and teacher feedback.

The first table displays the percent of students who met or exceeded state standards in English Language Arts/Literacy (grades 3-8 and 11) and Math (grades 3-8 and 11).

California Assessment of Student Performance and Progress		
Percent of Students Meeting or Exceeding the State Standards		
Subject	School	State
	2019	2019
English Language Arts/Literacy (Grades 3-8 and 11)	49	50
Mathematics (Grades 3-8 and 11)	16	39
Science (Grades 5, 8, and 12)	--	N/A

The second table displays information on student achievement by student groups for the school in ELA and Mathematics with all grades combined (grades three through eight and eleven).

California Assessment of Student Performance and Progress									
Student Groups	English-Language Arts					Mathematics			
	Total Enrollment	Number Tested	Percent Tested	Percent Not Tested	% Met or Exceeded CA Standard	Number Tested	Percent Tested	Percent Not Tested	% Met or Exceeded CA Standard
All Students	43	37	86.05	13.95	48.65	37	86.05	13.95	16.22
Male	19	16	84.21	15.79	37.5	16	84.21	15.79	12.5
Female	24	21	87.50	12.50	57.14	21	87.50	12.50	19.05
Hispanic or Latino	28	25	89.29	10.71	44	25	89.29	10.71	16
White	13	11	84.62	15.38	63.64	11	84.62	15.38	18.18
Socioeconomically Disadvantaged	29	24	82.76	17.24	50	24	82.76	17.24	12.5

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the California Alternate Assessment. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Parent & Community Involvement (School Year 2019-20)

Mission Academy utilizes a number of strategies to increase parental involvement, including monthly Principal meetings, parent teacher meetings, and quarterly Parental Advisory Council (PAC) and English Learner Advisory Council (ELAC) meetings. In all of these venues, information regarding the development and efficacy of the curriculum and instruction are shared. The school continues to explore ways to encourage more parental and community involvement in the support of its educational program.

PAC meetings have the ELAC wrapped in and are offered 4 times a year. Parents and stakeholders are encouraged to participate in the development of the Local Control and Accountability Plan, and they are asked to provide input on the progress of the LCAP throughout the year.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Mission Academy at (844) 788-3965.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority5):

- High school dropout rates
- High school graduation rates

Dropout & Graduation Rates

In knowing the "at risk of dropping out" status of the majority of students enrolling in the school, we begin interventions from the point of enrollment.

Upon enrollment, students participate in a course entitled Professional Skills. In this course students learn study skills and strategies to be more successful in school, especially in the area of time management. We believe students are less likely to drop out if they have an idea of the career opportunities available to them.

Students also participate in academic assessments, such as NWEA, after enrollment. The academic assessments assist faculty and the students to understand the strengths and weaknesses of the student. More importantly, this method helps students receive any remedial help they may need and ensures students are not enrolling in courses to far removed from their current academic abilities. Unlimited free tutoring availability also serves as an intervention for students, when they struggle with particular concepts. Together, all of early interventions are intended to promote attendance and reduce the likelihood of student drop outs. However, these standard interventions are not always met with student success.

When faculty and staff witness a decline in the attendance of a particular student, more specific and targeted interventions take place in progressive steps:

- A missed teacher meeting results in a call home from the student's teacher
- A pattern of missed appointments or lack of progress on assigned curriculum results in a parent-teacher or adult student-teacher conference

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

UC/CSU Course Completion

Students are encouraged to take University of California/California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

UC/CSU Course Enrollment	
	Percentage
Students Enrolled in Courses Required for UC/CSU Admission (2018-19)	63.21%
Graduates Who Completed All Courses Required for UC/CSU Admission (2017-18)	-

** Duplicated Count (one student can be enrolled in several courses).*

Career Technical Education (CTE) Programs

The school continues to develop its Career Technical Education (CTE) program. The school recognizes the need to integrate core academic knowledge with technical skills as needed for today's modern workforce, and the school is committed to bringing students greater opportunities in developing these skills through their continued efforts in developing relationships with local businesses and trade schools.

The school offers several professional skills and CTE courses including Principles of Health Science, Accounting I, Accounting II, Principles of Business, Marketing, and Finance, Legal Environment of Business, Human Resources Principles, Introduction to Business and Technology, Principles of Information Technology, Information Technology Applications, Computer Applications, and Business Applications.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

Physical Fitness (School Year 2018-19)

In the spring of each year, Desert Sands Charter High School is required by the state to administer a physical fitness test to all students in ninth grade. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas.

This table displays by grade level the percent of students meeting fitness standards (scoring in the "healthy fitness zone" on all six fitness standards) for the most recent testing period. Detailed information regarding this test may be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/pf/>.

Percentage of Students in Healthy Fitness Zone			
2018-19			
Grade Level	Four of Six Standards	Five of Six Standards	Six of Six Standards
7	-	-	-
9	12.5%	16.7%	2.1%

**Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.*

The tables display the graduation and dropout rates for the school.

Note: The California Department of Education DataQuest system reports one year dropout rates up to 2017 and one year graduation rates determined through the California School Dashboard. The school is a Dashboard Alternative Status School (DASS) as a result of the student population served. The tables display the most current data available. N/A is displayed when the school is new and there is no data available to report.

Dropout Rates		
Dropouts		
	15-16	16-17
School	N/A	N/A

Graduation Rates		
Graduation		
	17-18	18-19
School	N/A	N/A

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates
- Pupil expulsion rates
- Other local measures on the sense of safety

Suspensions & Expulsions

The table displays the suspension and expulsion rates at the school, in the district, and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted.

Suspensions & Expulsions		
	Suspensions	Expulsions
	18-19	18-19
School	0.40	0.00
State	3.50	0.10

School Safety (School Year 2019-20)

Our school Safety Plan consists of our Injury and Illness Prevention Program, Emergency Procedures and Section 4 of our Employee handbook.

Sponsoring School Districts ask for these safety programs as part of our charter’s renewal process. We review our School Safety Plans annually and update them if necessary.

The safety of students and staff is a primary concern for the school. Both teachers and administrators supervise the students throughout the school day to ensure a safe and positive learning environment. The Safety Plan was updated in December 2019.

Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Professional Development

The school’s certificated staff members and administrators participate in ongoing professional development to improve its curriculum and delivery of instruction. Professional development sessions are offered at various times throughout the school year and focus on a wide variety of topics aimed at strengthening pedagogy and content knowledge to meet the needs of the school’s diverse learners. Special emphasis is placed on targeting the unique needs of its English language learners, special education students, and those students at-risk of dropping out of school.

In addition, school administrators participate in ongoing quarterly principal academies with the focus being on effective school leadership practices and instructional leadership. School administrators identify school-wide focuses for its campuses each year for professional development and take the lead in conducting or organizing large-and-small group staff development opportunities and ongoing instructional coaching to its teachers aimed at the school needs. Topics covered through professional developments are based on the needs of the school, suggestions made by the school staff through department meetings and/or staff surveys, and through the collection and analysis of data indicating school needs and/or needed changes.

Newly hired teachers are partnered with existing teachers for the first year and participate in a mandatory- week on the job training for the purpose of familiarizing them to the program and mission of the school.

The school also provides Induction training to its preliminary credentialed teachers through its partnership with Induction. Participating teachers are assigned a support provider from their assigned site and participate in all required Induction activities. The school's special education teachers receive annual training on new procedures and processes, as well as in effective instructional strategies for improving academic achievement. In addition to ongoing professional development opportunities offered locally, staff also attend other conferences sponsored by various organizations.

Professional Development		
	18-19	19-20
Number of school days dedicated to Staff Development and Continuous Improvement	5	30

Class Size

Due to the nature of independent study, class size distribution data is unavailable for this school.

Counseling & Support Staff (School Year 2018-19)

Mission Academy seeks to assist students in their social and personal development as well as academics. The school provides special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure.

Academic Counselor to Student Ratio	
2018-19	
Average Number of Students per Academic Counselor	
Academic Counselor(s)	106

Counseling & Support Services Staff		
	Number of Staff	Full Time Equivalent
Counselor (Academic, Social/Behavioral or Career Development)	1	1.0
Psychologist	As Needed	

Advanced Placement Classes (School Year 2018-19)

Mission Academy does not offer Advanced Placement classes.

Additional Internet Access & Public Libraries

For additional research materials and Internet availability, students are encouraged to visit the libraries in their local communities, which contain numerous computer workstations.

School Revenue Sources (Fiscal Year 2018-19)

Because the school opened in the fall of 2018, there is no data in this section to report for this school.

School Expenditures & School Site Teacher Salaries (Fiscal Year 2017-18)

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2016-17 school year. *Because the school opened in the fall of 2018, there is no financial data to report for this school.*

The State of California was for the 2016-17 school year. For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.
